A message from the Stake Welfare Committee,

Brothers and Sisters,

This email is being sent to Stake members. Please spread the word about the upcoming Spring Work Assignments at the vineyard for your assigned rows for each Ward.

We would like to remind and encourage members to complete the Spring Work Assignments for your assigned rows at the Madera Welfare Farm including:

- replacing broken stakes and posts
- repairing broken trellis arms and wires
- making sure the irrigation drip lines are secure and off of the ground
- weeds are pulled
- and ***most importantly, that loose canes/vines are tied to the trellis***

wires or posts and cross-arms.

If this work was done when the Winter work was completed, then ***walking down each row to make sure there are no loose canes or vines should only take approximately 30 minutes per row with one or two individuals per row.***

The work was originally scheduled to start last weekend but inasmuch it was Easter Weekend, the work can start as early as Saturday, April 15th and can be completed ***anytime between now through Saturday, April 22, 2023 (two Saturdays during this timeframe).*** Many of the schools are on Spring Break next week, which would be an ideal time for youth, young men, young women, young single adults, individuals and families to go to the vineyard to complete the Spring Work Assignments.

Please contact Jamie Hansen, Farm Manager, for any questions that you might have.

Thank you for your faithful service in the Lord's Vineyard,
